Breaking 80 – New Low Round

 24 Jun, 2007  4 Comments · [Find Links to This Post](#)

Where I really excelled, however, was in the short game and putting. 25 putts, with this new [GEL Diamond putter](#) I have been reviewing, went down as my best putting day of all time. I'm really starting to love this putter, the alignment aid on the back is outstanding and the anti-skid insert does wonders on long putts. I actually sunk a 25 foot birdie putt at one point, great stuff.

In the bag for this round
